# Mudassir Imam

Software Engineer | AI Agent Developer | UI/UX Designer

Ghaziabad, Uttar Pradesh, India

+91 9742362489 | iamimam4u@gmail.com | LinkedIn | GitHub

## Technical Skills

**Languages:** JavaScript, Python3, C, HTML5, CSS3, Typescript
**Frameworks:** React.js, Next.js, Tailwind CSS, Bootstrap, Material UI
**Tools:** Git, GitHub, Docker, Firebase, Render, Figma, Framer, Spline, Framer Motion, Microsoft Excel, Adobe Illustrator
**Concepts:** AI Agent Development, Prompt Engineering, UI/UX Design, Frontend Development, GenAI, Agile Methodologies, SDLC

## Professional Summary

Software Engineer with experience building web applications and AI-powered solutions using JavaScript, Python, React.js, and Next.js. Passionate about solving real-world problems through clean, maintainable code and continuously learning new technologies.

## Professional Experience

**Startup Squad** Jul 2025 – Oct 2025
*SDE Intern*
- Developed responsive web interfaces and transformed UI designs into scalable frontend applications.
- Optimized frontend performance and improved user experience across desktop and mobile devices.

**Software Development Club ABESEC** Feb 2025 – Oct 2025
*General Secretary*
- Led technical initiatives, coordinated events, and managed student developer communities.
- Organized workshops, coding sessions, and technical competitions.

**GDG-ABESEC** Sep 2024 – Sep 2025
*Acting General*
- Managed community activities and helped organize developer-focused events and sessions.

## Projects

**Fashion AI Pro**
- Developed an AI Agent that provides personalized fashion and shopping recommendations through natural conversations.
- Integrated LLM-powered workflows to understand user preferences and recommend outfits intelligently.
- Built automation-driven recommendation pipelines and modern responsive interfaces.
- Reduced outfit discovery time by over 60 seconds
- *Tech: React.js, AI Agent Development, Prompt Engineering, GenAI*

**House Of Vibes**
- Designed and developed a fashion and lifestyle e-commerce platform combining Gen Z aesthetics with premium shopping experiences.
- Implemented immersive UI, advanced animations, and responsive user experiences.
- Designed 15+ interactive UI sections featuring animations and immersive shopping experiences optimized for engagement.
- *Tech: React.js, Material UI, Bootstrap, Figma*

**FurGo**
- Built an all-in-one pet care platform featuring pet adoption, breed information, veterinary access, and an online pet marketplace.
- Unified multiple pet-care services into a single user-friendly ecosystem.
- Integrated 4+ core pet-care services into a unified platform, improving accessibility and user convenience.
- *Tech: React.js, JavaScript, GenAI*

**Flipkart Sentimeter**
- Developed a sentiment analysis platform that evaluates product reviews and generates customer sentiment insights.
- Processed and analyzed hundreds of product reviews to generate sentiment-based purchasing insights.
- *Tech: Python, NLP, JavaScript*

**Additional Projects:** GDG-ABESEC Website, Mental Health Online Clinic, Legal Nations, Mr. SUPRANS, Amour.

## Leadership Activities

- Treasurer, Genero'26
- Treasurer, Kalakrit
- Operations Coordinator, TEDxABESEC
- Co-Organizer, HACKHAVEN 2.0
- Volunteer, HUHC

## Patent

**SafeRoads: An AI-Powered Driver Monitoring System**
- Filed a patent for an AI-based driver monitoring system designed to detect driver drowsiness, distraction, and unsafe behaviour using computer vision and artificial intelligence.

## Education

**ABES Engineering College, Ghaziabad** 2022 – 2026
B.Tech in Computer Science Engineering (Artificial Intelligence Machine Learning)

**Sri Chaitanya Techno School, Bengaluru** 2021
Senior Secondary Schooling

**DAV Public School, Ghaziabad** 2019
Secondary Schooling
